

Full-Service Architectural Design & Remodel In Seattle & Eastside King County

MonstersToolbox blends form and function to design and build tasteful, comfortable spaces that belong to you—and only you.

When you work with MonstersToolbox on your remodel, perfect is possible.

Who We Are

Boris Gelfenbeyn
Founder

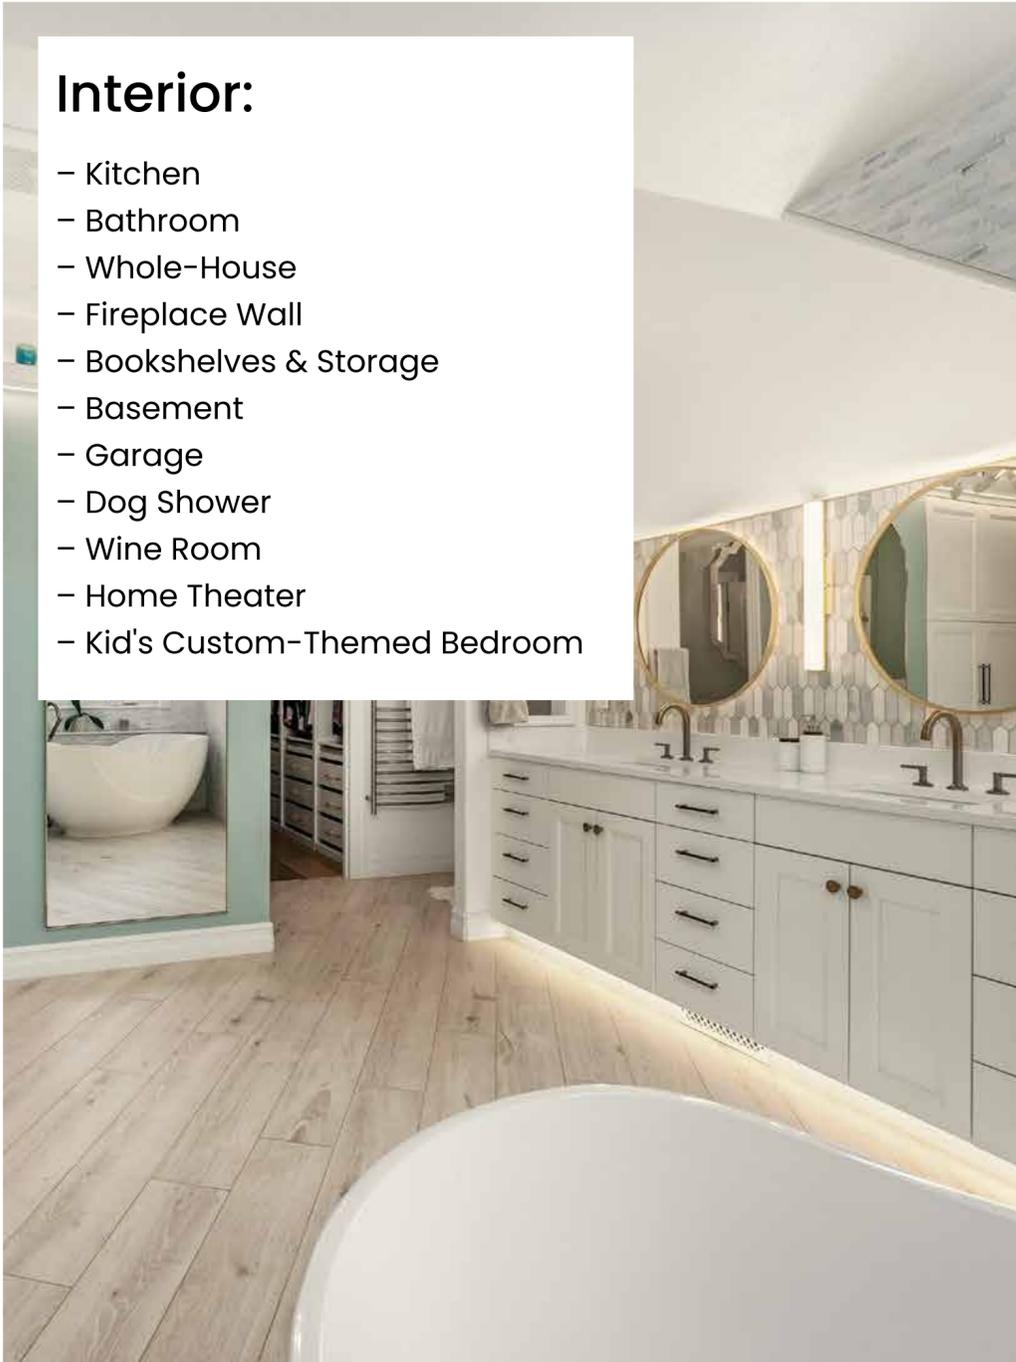

MonstersToolbox is more than a remodeling company. We build your lifestyle. Since 2015, we've partnered with our customers to create beautiful, functional spaces customized to your unique needs. Each space is completely tailored to match your personal design style, so it will feel like home for years to come.

Each bespoke remodel by MonstersToolbox is built with expert craftsmanship you can trust, with complete transparency every step of the way. Our flexibility, quality assurance, and collaborative design approach ensure you're in control of your remodel, giving you a space you'll love.

Partner With MonstersToolbox

Tasteful. Useful. Yours.

We'll Partner With You To Create A Space Unlike Any Other, That Feels Like Home For Years To Come. Let's Discover What We Can Build.

Form Meets Function

We'll design your 100% custom space down to the last detail, with your input every step of the way. So you know the finished product will be a space you love.

Tasteful Design

Creative ideas and thoughtful aesthetic decisions, made to last. The result is a space that feels both modern and timeless.

Concierge Service

Our commitment to white glove customer service and a tailored approach means you get something you love, not something you'll live with.

Transparency & Communication

With open communication and transparent pricing, we'll bring your vision to life with no hidden fees or costs, keeping you in control.

Make Changes In Real Time

If it's not working, you're not stuck with it. We offer regular check-ins and ongoing quality assurance, so you can relax knowing your remodel will feel like home.

Premium Products

Our team uses quality materials in every home. Our expert craftsmanship is backed by warranty and built to last, so you can enjoy your home for years.

Aging In Place

Designed With Expertise. Crafted With Care.

Our Aging In Place Program Keeps Your Home Beautiful While Making It Safe And Accessible With The Principles Of Universal Design. Stay At Home Without Sacrificing Safety With A Comprehensive Aging In Place Plan.

Specialized Service

Our professional designer and Aging in Place specialist will work on your project from beginning to end, blending your aesthetic choices with your technical requirements.

Working With You. And For You.

Stay on time with a customized schedule that meets the needs of your lifestyle. Stay up to date with photo and video updates at every stage. Stay involved to make sure you get a result you'll love.

Easing The Transition

Get access to client training during and after the process. We'll offer space improvement tips, explain key benefits of your remodel, and teach you how to use new devices and accessibility improvements.

What An Aging In Place Plan Can Do For You

Confident Mobility

Navigate your home safely with smarter accessibility.

More Free Time

Enjoy a home designed for faster functionality.

Professional Expertise

Work with experts to tailor your home to your needs.

Independent Living

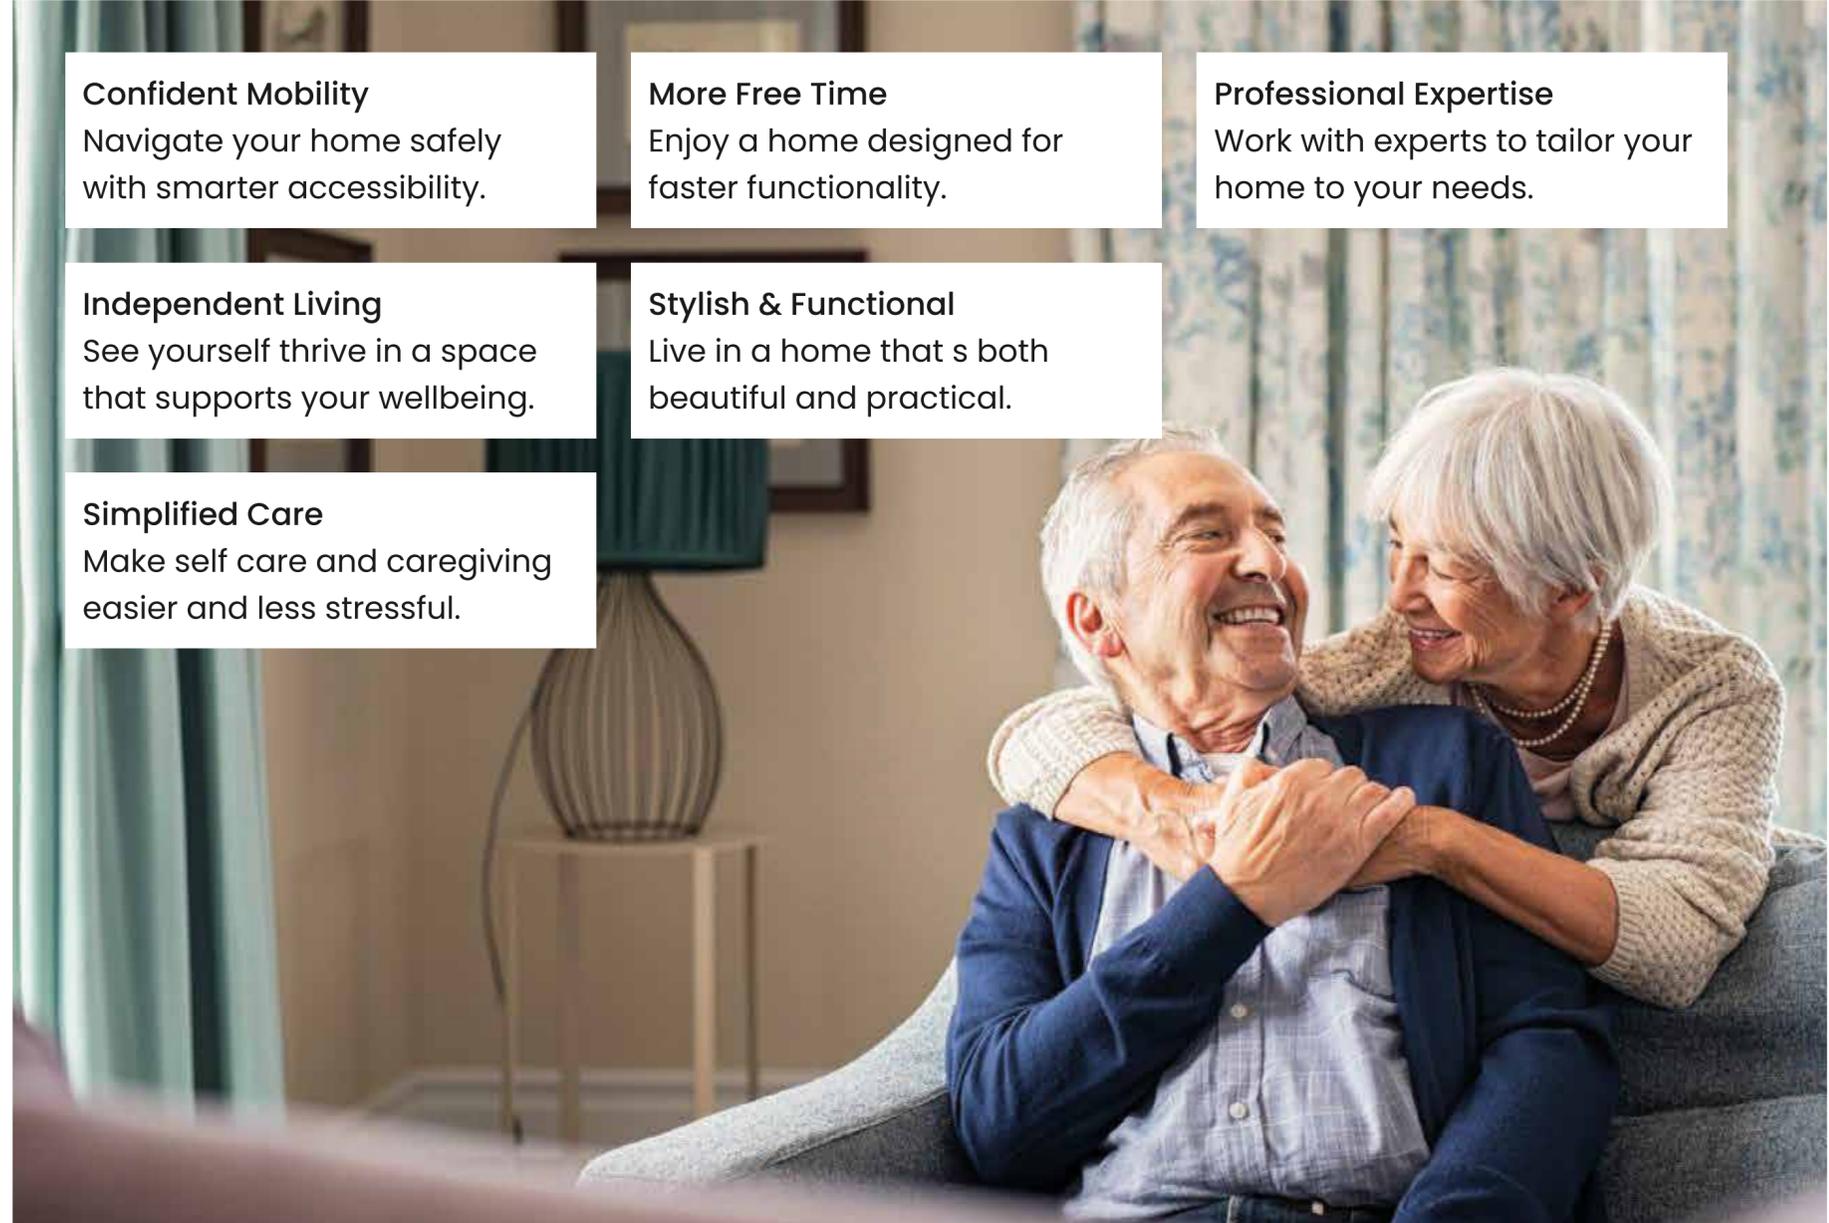

See yourself thrive in a space that supports your wellbeing.

Stylish & Functional

Live in a home that's both beautiful and practical.

Simplified Care

Make self care and caregiving easier and less stressful.
